ACKNOWLEDGEMENT

  An endeavor over industrial training can be successful only with advice and guidance of many well-wishers. Our sincere thanks to **Mr.R.A.Hatgine** H.O.D. of Computer Science and Engineering department, for giving us the opportunity to conduct this industrial training.

  We would like to thank the Computer Science and Engineering department for assistance and constant source of encouragement. We wish to express our profound and deep sense of gratitude of Industrial supervisor **Mr.Ankush Pol** for spending their valuable time to extend help using every step of our training.

  I would like to thank the staff of Computer Science and Engineering department for their generous guidance.

  Last but not the least we would like to thank our classmates and family for their help in every way and constant inspiration in training and for the success of this training and training report.

  Thanking you.
